No one knew at last town meeting that the state would give our town \$3,055.45 for the construction of Class 5 roads; in return the town to use their equipment for which they were to receive drivers pay, grease, gasoline and oil: Town to furnish tools, for this above amount the cost to the town was \$289.68, which came out of highway maintenance.

There were repairs at store house which had to be done as the old floor became unsafe.

These included cement floors, repair on doors, extra storage room upstairs for snow fence, sidewalk plows, and other various snow equipment, so that they could be repaired and painted during summer months, this cost \$221.73.

Your road agent thought it advisable to purchase a cement mixer to be used to mix tar patch as well as cement for various purposes; a second hand mixer was purchased, having been used but a little, nearly as good as new, at less than one-half its purchase price. This cost \$125.00. These extra's cost \$636.41.

If deducted from highway maintenance appropriation, would leave \$39.46 actually overdrawn.

There have been during the year 47 culverts relaid or replaced.
Two small bridges rebuilt and one larger one replanked with
double planking 3-inch at bottom and 2-inch on top.

Two bridges have been treated with tar.

Bridges have been painted with aluminum water proof paint.

All of this equipment is old and badly worn. Each year it costs a lot to keep them going.

I believe it would be good policy to purchase a new road machine also a road hone.

INVENTORY

5 ton Caterpillar tractor and plow parts for same, pair side shoes, 2 nose shoes, 1 pair braces, 1 draw bar, 1 set ice grousers.

Clectrac 15 steel plow for same canvas cover, 1 crank, 1 track roll, 1 spring, 1 set ice grouzers.

2 road machines.

1 3-blade hone.

1 2-blade drag.

Chevrolet truck: Ross mold board for snow.

Little Wonder cement mixer.

74 feet steel pipe with couplings, 7 bbl. tar, 3 sidewalk plows, 2,000 ft. second hand lumber, 45 gal. oil, 10 gal. grease, 6 lbs. grease, 3 grease guns, 7 forks, 6 rakes, 5 bush scythes, 4 grass scythes, 4 stone picks, 5 chains, 2 drill hammers, 3 breaking hammers, 6 drills, 1 post hole digger, 4 brush clippers, 2 brush axes, 2 axes, 14 steel snow shovels, 5 street brooms, 16 shovels, 6 bars, 5 grub hoes, set wrenches, 8 picks, 12 rolls snow fence, 1 tool box, 10 yds. gravel, 46 dynamite, 30 caps, 362 gal. tar.

There have been many rumors and lots of talk about your road agent using his car.

I have used my car to good advantage, saving the town in many cases plenty of money and some truck hire.

All I have asked is gasoline and oil, when used directly on town highway work, which I feel is only my due.

205 gal. gasoline.

22 qts. of oil.

If some of these few talkers would offer their car or truck at same price would have been glad to use any of them.

I wish to thank everyone else for their kindness and support, which in years to come will be very pleasant to look back upon.

NORMAN N. COLLINS,

Road Agent.

From this amount should be deducted relief work on wood,	\$42 00
Grand total,	\$2,709 26
Appropriation,	\$1,000 00

This amount includes purchase of plow for truck, which has proven very effective; also all parts and repairs, tools, salt and sand, gasoline, grease, oil and labor.

This year there have been a lot of snow storms, some were easily plowed others took lots of time and money.

There were at times high winds which caused bad drifts for long stretches.

I don't think that anyone can remember worse ice conditions or more of it than we have had this season which has made sanding very costly.

REPORT OF FROST FREE LIBRARY

The annual meeting of the trustees of Frost Free Library was held in the library building October 14, 1933 at 2:30.

Rufus Frost, the president, presided and called upon the Rev. Herbert J. Foote to offer prayer. The secretary read the minutes of the last meeting, which were approved. The treasurer Fred D. Hemenway, reported a balance of cash on hand, October 31, 1932 of \$306.63, received during the year \$502.92 making a total of \$809.55. The auditor approved the report.

The librarian read an interesting report, which was adopted.

The report showed that the various departments of the library were generously used and the books and magazines called for were of a diversified character.

The motion was made by Mrs. Mabelle Page that the trees adjacent to the library be trimmed and all dead wood be removed. The motion was carried and Mr. Fred D. Hemenway and Mr. Ernest Flint were elected to serve as a committee to direct the work. The motion was made by H. J. Foote that an article be placed in the warrant asking the town to cover that section of the river that flows by the library lawn. The vote was carried. The motion was made by Mrs. Page that after hearing from Mr. Frost and Mr. Rugg that the old books held for sale be sold to the party giving the largest amount. The vote was carried.

The president, Mr. Frost read the resignation of Mrs. Carrie Whitney Webb from the board of library trustees. The president directed the secretary to send Mrs. Webb a note of appreciation of her faithful services as a trustee for past years. Mrs. Webb's resignation was sent to the selectmen in order they might take the necessary action.

The motion was made to extend the lighting to the basement. The motion was carried.

Voted to spend \$100.00 for new books and the executive com-

mittee be empowered to authorize the expenditure of not more than \$50.00 additional.

The following officers were elected: President, Rufus S. Frost; vice president, Mabelle F. Page; secretary, Rev. Herbert J. Foote; treasurer, Fred D. Hemenway; librarian, Elfreda K. Cheeseman; auditor, Rev. Herbert J. Foote.

The following were elected as members of the executive committee: Mabelle F. Page, Walter Buckminster, Ernest Flint, Rufus S. Frost, Clarence Ward, Rev. Herbert J. Foote.

It was voted that the members of the book committee be determined by the executive committee instead of election at the annual meeting.

HERBERT J. FOOTE,
Secretary.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending October 11, 1933.

The library has been open 107 times with a total circulation of 6,664 books; 3,979 of which were adult fiction, 1,870 juvenile fiction, 572 adult non-fiction and 243 juvenile non-fiction.

The total circulation of magazines was 5,496.

Miss Ruth Hemenway and Mrs. Abbie Landry faithfully continue to donate magazines.

Among the others who have given magazines during the past year, and thereby making an even greater variety of magazines to choose from are, Mrs. George Thatcher, Mrs. Carrie Webb, Miss Wally Kaerfer, Miss Lillian Boucher, Mr. Allen Wilcox, Mr. Harry Bemis, Mr. Allison Coutts and Robert Davis.

Through these donations the following magazines have been added: "The Open Road for Boys," "National Sportsman," extra copies of the "Woman's Home Companion," and the "Ladies' Home

Journal." the "Country Home," "The Pathfinder," moving picture magazines and "Radio Stars."

It is with sincere appreciation that I thank each and every one of those who have shown such a splendid, generous spirit in donating magazines.

Seventy-seven new books have been added during the past year, 34 were purchased from the library fund, the other 43 were gifts—21 from Mrs. Rufus Hale, 6 from Miss Emily Dawes, 6 from Miss Katharine Frasier, 6 from Ralph Bissell, 1 from Allison Coutts, 1 from K. K. Kawakami, Japanese author. The Woman's Christian Temperance Union donated, "The Drama of Drink," and the Marlboro Woman's Club donated, "New Hampshire Folk Tales."

I feel sure that all who use the library regularly join me in thanking those who have so thoughtfully given books.

A new set of reference books, "The American Educator," has been purchased from the library fund. One of the attractive features of this set is the privilege of writing the publishers concerning any topic that cannot be found in the encyclopedias. A type written pamphlet on any desired topic will be sent upon request. I feel that this service will prove especially helpful as time goes on.

REPORT OF HEALTH OFFICER

There have been a few cases of contagious diseases in town the past year, but no epidemic.

There have been some complaints in regard to drains, but these have been fixed up.

All brooks flowing through the village where sewerage empties into them, should be covered, so as to protect the health of the people living near them.

Following is a report of the activities carried on in Marlboro during 1933 by the division of maternity, infancy and child hygiene of the state board of health.

In addition to the routine work of the division, a child's health conference was held in Greenwood Memorial church, for children of pre-school age. At this conference 50 children were given complete physical examinations by physicians. Of those examined 45 were found to have defects, while the remaining 5 were found to have no defects. The purpose of these clinics is to prevent illness, therefore children should be registered at an early age.

L. G. HILDRETH, M. D.,
Health Office.

NURSING ASSOCIATION REPORT

The Marlborough Community Nursing Association submits the following report for the year ending Dec. 31, 1933.

Again we are thankful to report another year ended with all bills paid, and the usual service rendered.

A membership campaign was again conducted by mail and we are convinced, after three years' trial, that this method is more efficacious than a door to door campaign. More of our citizens are acquiring the habit of sending us their membership dues, and that points more toward our ideal of a truly community project. It is also the more necessary, as a few of our higher contributors have either passed on or found it necessary to curtail their usual donations. If every family in Marlboro sent us one or two dollars each year, your association would be quite free of financial worries and perhaps be able to give even more efficient service.

We hope someday to be able to provide our nurse with an automobile. Have you ever stopped to think how much she has to walk, whether she feels like it or not? She appreciates immensely the "lifts" which some of you so willingly give her.

We indeed thank every organization and individual for the various ways in which they have helped us to carry on—and they are many. We are passing through troublous times which try men's souls, and every kindly deed or smile helps as we try to find our way back to material and spiritual security.

A careful perusal of the nurse's and treasurer's reports is solicited.

Respectfully submitted,

RUTH E. HEMENWAY,

President.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlborough:

I herein submit my eleventh annual report as superintendent of schools.

If I were to express in a few words a philosophy of education with a psychological background, it would recognize (1) the human

mind as the most unique, delicately poised and wonderful mechanism the world has ever known; (2) that its stimuli are obtained through the so-called "Windows of the Soul" often called our common senses; (3) that its products are the conceptions, ideations and thoughts resulting from a coalition and cooperation of mental activity, righteous feeling and the power of discrimination between right and wrong.

To recognize these fundamental truths and provide the best environment for their healthy function and development is a problem of public education.

Not only must we develop the so-called skills in our schools but also those fundamental requisites essential to the highest type of American citizenship. This implies the cooperation of the school, the home and the church.

The condition of business is sometimes called the corner stone of our educational structure. Therefore, we can be more optimistic than we were one year ago. The indices of the business world are on the up-grade. Let not the schools lag behind.

MARLBORO HIGH SCHOOL

To the Superintendent of Schools:

Report of the activities in Marlboro High School

The enrollment in Junior High School:

Grade 7, 38

Grade 8, 30

—

Total of 68

The High School has the largest enrollment in its history, a total of ninety, distribution according to classes:

Seniors 14

Juniors 10

Sophomores 31

Freshmen 35

The courses offered are as follows:

Six years of English.

Five years of History.
 Five years of Commercial work.
 Three years of French.
 Five years of Science.
 Three years of Latin.
 Four years of Mathematics.
 Two years of Domestic Arts.
 Two years of Manual Training.
 Two years of Civics.

ATHLETICS

The baseball season of 1933 resulted in a loss of all but one game. But victories alone do not mean a successful season, as this can only be measured by the benefit that each boy derives in taking part in this clean healthy sport in the open air.

During the summer, the diamond was relocated and a new backstop erected. The field was put in fair condition.

The call for candidates for basketball was made October 30, and twenty boys and sixteen girls responded. The candidates have worked faithfully and are now playing an excellent brand of basketball. The players are the following:

GIRLS

Margaret Ryder	Beatrice Pinkham	Wally Koefer
Marjorie Tarbox	Valerie Baker	Marie Beauregard
Francula Grammos	Pauline Fagnant	Ruth Nason
Alice West	Doris Fagnant	Phyllis Knight

BOYS

Clarence Beauregard	Ernest Blackmore	Charles Tarbox
Arvo Wiinikka	Bernard Beauregard	Henry Frechette
Olavio Lepisto	Robert Demers	Edward Reed
Ralph Bissell	Mitcheal Martin	

Sports help to mould the character of each and every individual, and teach the players to be good sports.

GRADUATION

Graduation, in reality, means two things. To those who have worked faithfully, it means the accomplishment of a goal. It means also that the future is ahead and the pupil must bend his energies to accomplish something greater and better.

There were fourteen in the graduating class this year. The program was as follows:

Overture,	Orchestra
Processional,	Orchestra
Invocation,	Largo
Response,	
Salutatory,	Ruth West
Essay, "Scenic Beauties of New Hampshire,"	Elizabeth Hakola
Song,	High School Chorus
Class Will,	Esther Blombach
Class Prophecy,	Ethel Fish
Selection by the orchestra	
Song "The Class Mates Farewell,"	Senior Class
Class History,	Claudia Croteau
Class Gifts,	Veronica Cheney
Selection by the orchestra	
Valedictory,	Norma Gaseau
Presentation of diplomas,	Supt. F. T. Johnson
Benediction	
Reception	

A reception followed the graduation exercises.

LITERARY AND SOCIAL ACTIVITIES

In this changing world the youth of today needs an education to prepare him to meet the conditions he will be called upon to face after his school days are over. He should be taught responsibility and foresight. He should be taught to think and act for himself. The social activities of his school help to prepare him in that he plans and carries out his own ideas for his social enjoyment. School programs are planned and carried out by the

pupils themselves. The Junior High as well as the High School have planned various parties whereby a social time was enjoyed. The seniors have been busily and capably carrying out ideas whereby they may obtain the needed funds for their Washington trip. Card parties, dances, etc., have aided them to realize their hard-earned goal. Basketball also aids in the social life of the pupils as friendly contacts with various schools are made.

The "Signboard" is a school magazine published by a board of student editors. The desire to see an article in print stimulates creative writing among all students. It also offers some practical experience to those pupils who act as editors as well as those who print our paper.

The High School play not only offers an opportunity for those interested in dramatics to improve their talents in that direction, but also gives those participating confidence in themselves which, in itself is of great value. "South Is South," which was given this year, met with success.

Thus the pupils are being equipped, through their school life, to face successfully their future life in this world of the New Deal.

Respectfully submitted,

RALPH H. BISSELL,

Headmaster.

PROMOTIONS

The following numbers of promotions in respective grades were made in June.:

Grade,	I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII
	28	26	30	20	39	34	33	33	33	12	15	15
	—	—	—	—	—	—	—	—	—	—	—	—
Totals,	28	26	30	20	39	34	33	33	33	12	15	15

The above promotions were made on the following points: regularity of attendance, term rank, standard tests and regular examinations by teachers.

Standford's Achievement Tests were given; one at mid-year and one in June,

The Otis Standard Graduation examination for elementary schools Form D was given to the eighth grade.

The pupils with few exceptions maintained creditable standing in their respective grades.

The free distribution of milk, sponsored by the State Board of Education, is showing an increase in weight of our underweight children and a general improvement in health.

At time of writing, hot lunches at the noon hour are installed, the expense paid from federal aid.

We wish to express our appreciation for the new seats and teacher's desk in the eighth grade room.

There has been but one change in our teaching corps the present year. Mrs. Dorothy Vickery having resigned, Miss Alice Rowe, of Exeter, a graduate of New Hampshire University, was elected instructor of Latin and French.

The enrollment in junior and senior high combined during the present year is 159, the present attendance 150.

These conditions forced us to send the second grade to the chapel.

From the statistical table, you will note three more large classes following. The conditions demand a generous appropriation for the next four or five years.

In conclusion, wish to thank the school board, teachers, parents and citizens for their cooperation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.
